REPORT FROM Rich Peppin

ASA Committee on Standards (ASACOS)

ASACOS Meeting- Items that may be of interest to TC-Noise

Tuesday, 3 November 2015 at 7:30 a.m. Room 4108

Hyatt Regency Jacksonville Riverfront

1. We approved the draft "Information for WG members" (ASACOS/453). This is a document available for new working group members to understand what is done in the “standards community.”
2. There was no reports from any Technical Committees that relates to TC-Noise. Please note that all ASA members get five (5) free standards every year and all members should be made aware of this. (Note NAIS (Nationally Adopted International Standard) standards may cost \$35.00 additional.)
3. ASA Strategic Plan, -this was approved. Summary will be distributed at TCs at this meeting.
4. Susan Blaeser, Standards Manager, will retire on or about SLC meeting. There is a search committee that may make a decision on replacement by early winter.
5. When planning new sessions for a future meeting, perhaps the TC could cosponsor with ASACOS if standards are somehow involved in the session topics.

6. There were reports from the S Committee Chairs. Nothing special for TC-N. Steve Lind: S12- had some new standards planned. One might be noise in gymnasias.
7. Reports of the TAG Chairs: Bob Hellweg: TC43-Acoustics and TC43SC1-Noise met in Milano. The ISO loudness standard is being modified.
8. Chris Struck: ASACOS Steering is just a planning meeting but does not make any decisions for ASACOS
9. Next meeting Salt Lake City 2016 May 24th at 730am

6. Future Meetings

BROADCAST??? Are there sessions that would be good to broadcast?

Who would consider being a presenter in a live streamed webcast?
